Cygalle Dias, owner of Cygalle Healing Spa

1. The Cygalle Healing Spa Pomegranate Tonic has a refreshing scent that wakes me up when I mist it on my face. **2. The combination of Trager, Watsu, and Thai massage with hot stones (in the Phenomenal Touch with 3D Hot Stone Treatment at Cygalle Healing Spa at Casa de Campo, Dominican Republic)** leaves me feeling like a new person. **3. I love the design on these Havaianas flip-flops.** **4. Fresh coconut oil** is one of the most indulgent things I've ever put on my skin. I'm addicted to the way it hydrates and softens. **5. When I haven't been sleeping enough, I carry Dermalogica Sheer Tint Moisture SPF 15 in my purse to cover imperfections.**
